“ I have a couple memories to share about my mom the first one is when me her and my cousin went to the store I was tired and started to laugh I snorted it embarrassed her and she ran to the other side of the store. The other one is when we were watching a scary movie and she screamed then my friend did so then I did but my mom screamed bc of a mouse and she almost fell off the couch she crabbed the arm it was hilarious. I miss her so much and love her

“ i have 2 memories that come to mind the most. The first one is when she went door to door trying to sell me when i was a baby because I got a doll she wanted instead of her. The second is when we would watch wrestling together and yell and cheer at the tv and the life and excitement she had. We had our differences but she was and always will be my sister and i loved her so much and know she loved me. I will truly miss her and love her so much. It is hard grasp that she is gone but I know she will always be in my heart and just wish I had even one more day to visit her, watch wrestling or even her paranormal shows. just to hug her again or even hear her voice again. I will always love and miss her.

“ I have 2 to share. The first one is when she tried to sell me door to door when I was a baby because of a doll I got that she wanted. The second is all the times we watched wrestling together and both of us yelling or cheering at the tv. She was a wonderful sister and friend. I will truly miss her. We had our differences but we always loved each other and it will not be the same without her. I love and miss her so much
