“ *Donnie & family- So sorry for your loss. I have known Alberta all my life. We used to play together before we ever started school when I was at grandma's, since she lived across the street. And remember seeing Donnie & Alberta at the dances. What fun times. She will be missed by many.*

“ Oh, Alberta. How you will be missed. My latest memory is sharing a hug with you at the grocery store. The strongest memory is from the night of your head-on collision at the junction do 99 & 160 before they changed the highway. You were badly injured in that wreck, but could still carry on a conversation with me and still kept your spirits up. Prayers for your family since we all know you are in the arms of Jesus.

“ *My first memory of Alberta was meeting at the Howard swimming pool. We became fast friends about grade school age. I clearly remember sitting around in our suits and eating the candy necklaces we used to wear. Although our lives changed through the years, when we were together, it was like we had never been apart. Old friends are the best.*
