“ My mother and Lois were great friends. And as usually happens in small towns, the kids are thrown together when parents are friends. That was the case with Andy and I. I am several years older than Andy, but nonetheless, we hung out occasionally when our mom's hung out. My thoughts and prayers are with Andy's family.

“ I wish to express to all of Andy's family our sincere sympathy. I worked with Andy for about twenty of his twenty-three years at Schell Electronics. Being a small business I knew when someone wasn't at work and knew who needed prayers and words of encouragement or just be quiet and not pass judgement. At our company parties both Larry and I encountered Andy's great and positive attitude. I am retired now and we have missed some great moments with Andy, but we will always remember the times I worked with him and the times we both socialized with him. Sincerely, Louise & Larry Leverenz
