“ I am sorry to be so late in offering my condolences at the passing of Beverly. I remember her as such a friendly, kind, cheerful person, from my years in CHS to knowing her as my children were growing up about the same age as ManDee and Clay, to seeing she and Richard frequently at the assisted living facility where my aunt and Sunny were living. I always enjoyed spending any time together that we got to do. I am just saddened by the thought that she has passed from this world. We were almost cousins, as my Aunt Lula was married to her Uncle Craig.

“ Dear Richard and family,

I have been thinking about Beverley a lot the last few days. I remember Mom taking Wayne and me over to Chanute to play with Beverley and Eric when I was only 3 or 4 years old. Beverley was always so nice to me. Wayne and Eric where typical little boys who did not want a “little kid” around them or their toys. Beverley would play with me and protect me from them. Over the years I would see Beverley usually for the Short’s 4th of July and Christmas celebrations. Then in later years we started bringing Mom and Dad to Chanute for Thanksgiving and Beverley setup those plans. We all enjoyed it so much.

Beverly was always able to smile or say something that made everybody happy. I never will forget her warm smile and laughter. She was a truly delightful lady. Mary Jane and I have also been talking about Beverley and Mary Jane had many fond thoughts of her as well. She also stated that Beverley was the main glue that held the Short family together. She will be deeply missed.

Because of the winter weather advisory we were so sorry that we were not able to attend Beverley’s Memorial Service.

We deepest sympathies to you and your family. You have our thoughts and prayers.

Bruce and Mary Jane Short

Bruce is a cousin of Beverley. His father, Sterling, was Sunny’s only brother.

“ *We will really know just how much someone has touched our life, until our Lord has taken them to their heavenly home! I just wish each of us to remember just how much Beverley touched our life, as we travel along life's highway! Thinking of all of you, Richard, Mande, Clay, and Eric. Time heals, but the hurt lasts a life time!*

“ Mrs. Nogle was my first grade teacher many years ago. She always was and always will be a teacher. There was never a time that I ran into her and Richard, who also became a friend in later years that I did not learn something from our conversations. ManDee worked at the doughnut shop mornings before high school classes began and her parents would always be there. I have many fond memories of them both. She will be greatly missed as an educator, friend, and mentor by many. Mrs. Nogle never met a stranger and touched the lives of everyone she came in contact with.

“ Richard, Clay and ManDee,

Please accept my condolences for your loss. I knew her, too, though not in the way that any of you did.

Be very kind to each other in the days to come.

Again, my condolences.

Beverley was the oldest granddaughter to Pearl and Herschel Short. She has been the glue to all of the short cousins keeping us connected through emails, etc. She will be deeply missed by me and I am sure many others. When she married Richard she added one more cousin to our already big family. I have many fond memories growing up with Beverley. Love you!

“ Those we love don't go away. They walk beside us ever day...unseen, unheard, but always near. Still loved, still missed and very dear." It is my Hope that Beverley will keep a close watch on us all and that her passion for life, learning, and the love of her family will always be felt.

“ My condolences to the family...Bev always had a helping hand and a ready smile to any who needed help or support. Her extraordinary efforts made an pivotal difference in elementary teachers' readiness to implement technology changes back in the "early" days of USD 413's integration of technology into the teaching/learning process. She was a caring teacher who made a difference in children's and peers' lives. Beyond her heart, skills and expertise, Bev was a friend I respected and with whom I enjoyed sharing time, "what-if" discussions, and brainstorming solutions. She will be missed....I will miss her.
