“ Bonnie and Kelly would walk the rail road tracks with me from our house on First Street to the Ball Park and then walk back. We just enjoyed the talks and watching Kelly as he had to investigate everything along the way. We took turns throwing rocks in the lake counting the skips. I loved Cherryville life with my family. With Bonnie, Kelly, Steve and Mike, it just made for a perfect family to me. I will always have those memories.

Bonnie and I often talked about the laughs we shared growing up together. The girl had an amazing memory. She was a true friend.
