“Charlotte is one of my many nieces who I have loved all their lives. Her Daddy, Kenny Webb, was my brother. It was rare, when I drove to Chanute to visit my parents, that I didn't make the trip to their house to see the entire family.

When she and Tony came to Wichita for her many doctor appointments, I tried to see them and have lunch with them. She was the most courageous person I have known. She battled so many medical issues, but one would never know it. She wanted to live and be able to see her children graduate. After her long awaited kidney came through, someone passed away so someone else could live. That is amazing and her body accepted that kidney well. She thanked God for that miracle.

She had heart surgeries and conquered that. So I asked God to help us understand why she was called home to heaven.

It's hard to understand the plan of God many times. She was on her road to finally feeling good.

I don't have the answers except
I know God sees our future.

Covid and pneumonia made its way into her body and nothing could be done.

Not fair, to take our sweet Charlotte, I said to myself.

She's stuffed way too much.

What's fair?

To take another life instead of hers?

It was her time. That's all I can say.

I will miss her texting me, being so uplifting.

She loved her family so much and when her GRANDBABY came, pictures were plastered all over her Facebook page of course.

She was prepared for Christmas long before Christmas. I talked to her a few days after she was admitted. Rather, she texted me to let me know she was there.

She told me the tree was up.. the gifts wrapped..... so I thought, she was prepared to go home just in case.

Our hearts are extremely sorrowful at this time. My prayers will continue to pray for the immediate family to know she is in a place where we WILL see her again. God bless everyone who is hurting

now and forever. AUNT POLLY
