“ I met Keith Titus when he was 18...He is my lifelong friend for 50 years. We worked together at Wickes Lumber in Wichita and became close friends right away. We were both very competitive and everything we did was always a contest to see who could outdo each other. Of course Keith always thought he won and I always thought I won. We did everything together...Worked, hunted, fished, played sports, went to church, lived on the same street, lived life together as close friends. My family and I moved to Florida in 1979 and even though we didn't see each other that often, when we did visit each other or talk on the phone, our friendship has always remained strong. The last conversation my wife and I had with Keith was just a few weeks ago,when he called to check on Tara after her liver transplant. He never mentioned anything about his own health issues that he was dealing with, but he is now totally made Whole in the Eternal Presence of JESUS, with Family, Friends Forever!!! Thank God for our lifelong friend ,Keith Titus, who we love like a brother!!! Darryl and Tara Braland
