“ Betty was like a second Mom to me as I was a friend to her daughter, Janice at Alcott School then their family moved in across the street from me. I spent many days & nights at her house. Our families shared happy & sad times together & became more like family to each other as it was back then. I have so many memories of everyone of their family memories especially how Betty always just took things in stride, never really losing her cool with all of us girls. Betty always remembered me too once I was grown never missed sending me a Christmas card, I will miss getting one this year but I know she will be sending me a special wish from above this year. Betty I love you & I will miss your smile & laugh until we meet again. Janice Haynes Jones.
