“ *Mike was a great mentor when I worked at Kustom. He taught me how a business should run. We were great friends playing softball and sharing a few beers. Our bets on the Royals and Chiefs were legendary. Figuring out how to pay off the bet so the other one couldn't spend the money led to many trophies on our walls and a lifetime of stories. Mike I am proud to be able to call you a friend. A fellow Gorilla (class of 78)*

“ I worked many years at Kustom, with Mike, him in purchasing and me in QC. the one thing I remember is, he always tapped his pen, like a drummer, he loved a good challenge, he had a good sense of humor, but most of all, I took off work to care for my MOM, after she passed, he came in, put his arm around me and said, I just want you to know, You did it the right way, it ment so much to me, at that time, I was hurting so bad, he showed care and compassion, that's the Mike I knew, that's the Mike that will be missed. RIP my friend.
