“ I enjoyed Janice while working at Howard Twilight Manor, we enjoyed talking about dogs, sometimes she would have her little dog in her bed by her side. She was a wonderful lady and a joy to care for.

“ I met Janice when we moved back to Howard. She would often come in to town with Brenda and always stop by to play with Squirt (the wonder dog!) at the flower shop. It was so touching to see her sit down on the floor and play with that dog. Seeing them having so much enjoyment in their friendship made every day brighter.
