“ *Jessica Almond was like no other person I have ever met. She had a heart of gold, always thought about others before herself. I have countless memories of our high school years. Jess always had a seat saved for me. She would wait for me in between classes so we could walk together. Sounds like little things but it was always the little things that added up to a big friendship. Even in the years following graduation we stayed in touch. Her last message on November 3 was shared on Facebook reminding me she loved me and was thankful for me. I have read that message a million times. To the Almond family, sending you a big hug, praying for comfort in this difficult time. Jess left a never ending impact on my life. Her legacy will live on and I promise to pay forward the kindness and unconditional love and friendship she gave me.*
