“ Jinger worked with me on several theatrical productions. She helped with sets for the 1st production of Independence Children's Summer Theatre and served as tech director for 11 years. I have special memories of late night runs to Walmart with silly giggles due to show week exhaustion. Her designs were creative and she was an amazing artist. Her laugh was delightful. I'm sure she is smiling and dancing with no pain. Thank you Jinger for your contributions and your friendship.

“ It was a joy having Jinger in my fifth grade class. She was a very sweet girl to work with. Anytime I would see her at a theater production in Independence her eyes would light up, and she was always glad to see her former teacher. She was such a special person. “ *Jinger and I went to Southwestern together. As theater majors, we had to take ballet. We weren't very good dancers, but we had a blast. She taught me not to be afraid of the circular saw, and we shared more late-nighters building sets than I can remember. Jinger was a such a light in so many lives. I'm so sorry she's gone.* ”

“ Jinger was such a dear friend to me for so long. Many good times were had with her when we would take a ride in the country, jam to some music, and play guitar here among so many other things we did to pass the time. I’m so thankful for the chance I had to meet her during the early Independence Children’s Summer Theatre runs. After that, we became the best of friends. We experienced so many things together and I will forever cherish her memory.

Though we are all sad for losing you, I know that your body is no longer in pain and suffering. You put up a good fight all these years, you tried to hide your pain though I could see it. You’ve known such a battle but you always kept going. Every time the stage lights at an event were not the best, I would think of you (I still will) cause I knew you could’ve done them better. I will treasure the great memories, always! Rest In Peace Jingerer! I’m sure you’re already hugging your dad again. Give my mom and dad a big hug for me.

My sincere condolences to Julie and her brothers and the rest of her family. She was such a light that cannot be dimmed. She always raved about getting to read to you Julie, I think that was her favorite thing to do the last couple years.

“ Jinger, I was only expecting to be your apartment manager. I didn't realize you would end up being not only my best friend, but you were family to me.

I hate that you didn't come to Oklahoma when I came back home. It was so hard to leave you behind. We spent so much time together. Ryan and I missed you so much. We did so much together those years we lived there, so many good memories. My heart is broken my sweet friend. If I had known you were out of meds and needing things I would have gotten them for you. I would have given you anything I owned or could buy. You already had my heart.

Ryan wants me to add that you were like a big sister to him. He loves you so much.

Fly high my angel, no more pain or sorrow. I know you are looking down and smiling standing there with your dad.

Please give my mom and dad a big hug and kiss for me. I will be there some day with you guys.

Love you so much!
