“ Lawrence Jontra - I have know Lawrence for several years, and never forget the first time I met him. He wanted to know all about me and my family and very proudly told me about himself and his family and how proud he was of them and of the community in which he lived. It was though we were long time friends that hadn't seen each other for awhile. He saw the good in everything and made you feel good as well. We exchanged phone numbers; he told me where he lived and said to give him a call if he could ever be of help. From that day forward, whenever I was around Longton, I always hoped I would see Lawrence so we could visit. I was privlidedged numerous times to catch him in the pastures and fields of Elk county or in the café in Longton. While I was in the Longton area deer hunting this past year, there were several days we either had a cup of coffee or breakfast at the Longton café or visited along the roadside where we talked at length. What a man! I know his family, the folks of Longton, and the entire Elk county community, including the Southeast corner of Kansas, and myself are truly going to miss Lawrence's friendship and community involvement. He was a true leader and a friend to all.
With deepest sympathy,

“ Lawrence, one of my favorite cousins on the Barnaby side, will be greatly missed both family and community. He always treated me with kindness and respect as one of the younger cousins. I always looked forward to seeing him and Vera at our reunions or any of the family events we had. He loaned me money when he worked at the bank when I had a time of need. One of the funniest things we did as kids was when we went over one of the bridges when flood waters was going across the bridge. I felt the car move and I was scared to death and was really glad when we got off the bridge. A very dumb thing to do, but exciting so we thought. both of us would spank our kids today if any of them had done something like this today. A good friend always who will be missed greatly. Prayers to all of you. Judy Perrigo

“ I am so sorry to hear about Mr. Jontra. He was one of my favorite teachers. He was a kind and patient man. I remember I had to write several "special" reports for him as i was usually doing something i shouldnt have been doing. He was very patient considering i was the 3rd Yeoman girl he had to put up with. I will remember his kindness and his smile.

“ *My heart hurts for your family Vera Beth. I will miss my uncle Lawrence more than I can say. So many times we let life get in the way of keeping in touch with extended family we loved seeing as we were growing up. So many great memories at the fairgrounds during reunions and at your house when I use to come down to turkey/deer hunt. Memories I will always hold close to my heart. I use to love the way Lawrence would tease me in his slow deliberate tone. The (ornery) sense of humor in this gentle giant was something I could not get enough of. He was such a giving person. I deeply regret letting these past years go by without coming down to see you guys. We can KNOW that he is catching up on old times with old friends and family. I can imagine the reunion with my mom, grandma, shorty and others he is having. As they wait patiently for the rest of us to join them, I hope you can look up to the heavens and smile knowing they are looking over us all. Many, many prayers.*

Love you all.

“ Lawrence was such a big part of my childhood. I'm fortunate to have spent many years of my early years just down the road from him and his family. He never failed to have a smile, a wave, or a kind word for me - and that voice...I will always hear his voice when I think of him because it was so distinctive. Lawrence, thank you for your years of friendship, for pulling me out of the ditch so I didn't have to confess to my dad that I'd been driving too fast, and for raising one of my best friends in this world.
