“ *Robbin hired me back in September of 1998 as a night nurse, I'm not going to lie, I was a little scared of her! She was quiet and didn't smile much. Of coarse I didn't get to see her much working at night. Soon I was moved to 2-10 and some 6-2 shifts and our friendship began. We had many laughs together and shared the same passion for family and the elderly. Jeremy used to come see Robbin after school. He always stood by her chair and patted her back or stroked her hair. He wouldn't say much but you knew how much he loved his Mama. Robbin would come in and work if we were short or cover your shift if you had an emergency. She was always the silent helper. I can still hear her saying "Now Lillian! No more men or you will upset the balance". To her family - you all meant everything to her, she loved you more than anything. You all are in my thought and prayers.*
